

Organizational Profile

About Us

Citizen Health Initiative (CHI) is a non-profit, voluntary Community-Based Organization (CBO) based in Nyeri County. CHI upholds the standard and quality of community-led programmes, representing best practices in health care for communities living with, at risk of, or affected by HIV and TB. Our overarching goal is sustained improvement in the health and wellbeing of our communities.

CHI's mandate is anchored on the MIPA principle — the Meaningful Involvement of People with AIDS — recognizing that the lived experience of those affected makes a powerful contribution to reducing stigma and strengthening the effectiveness of health interventions.

Vision, Mission & Goal

- **Vision:** Healthy living for all.
- **Mission:** To promote community-driven solutions for sustainable universal health care.
- **Motto:** My Health, My Responsibility.
- **Goal:** Uphold the standard and quality of community-led programmes and represent best practices in the health care and wellbeing of people living with, at risk of, and affected by HIV and related infections.
